

TECHNICAL DATA SHEET

Economy Fabric Oil & Fuel Socks Small

Product Benefits

- Double spun bonded layer gives excellent tensile strength
- Reduced linting
- Suitable for delicate moving parts or machinery
- Perforated for economical usage
- Suitable for absorbing both oil based liquids Available in packs of 1
- Absorbs 55 liter per Roll
- Dimensions: 30cm x 46Meter

Our Double Weight Oil and Fuel roll is an extra thick roll with a double spun bond cover sheet for increased strength and durability for use in tough internal or external conditions. With a width of 0.30 meters and length 46 meter the roll can be adapted for a number of different applications, such as being used as a walkway, as individual pads that can be torn along the perforated edges or they can be torn into long strips for the preferential absorption of oil based liquids such as fuels, lubricants and other hydrocarbon based products.

The rolls are perforated to allow for economical usage and improved versatility and will retain their strength and float on water even when fully saturated

Item Code : BM-ORL-205

Make: India
