

TECHNICAL DATA SHEET

Oil and Fuel Absorbent Light Weight Pad 40x50cm

Product Benefits

Our range of low weight oil & fuel pads are an ultrasonically bonded hydrophobic pad that delivers an absorbency rate of 0.5 liter per pad and are designed to selectively absorb oil based liquids such as fuels, lubricants and other hydrocarbon based products. Our oil absorbents are hydrophobic, meaning that they can be used for the selective recovery of oil from water.

- Available in box of 100
- Absorbs 0.5 liter per pad
- Dimensions: 50 cm x 40 cm
- Absorbing oil & fuel based liquids
- Material: Melt-blown polypropylene

- They are perforated for economical usage and improved versatility and are ideal for use outside.
- Layer of spunbond material attached to the top surface of the pad reduces linting and improves the strength.
- Double spun bonded layer gives excellent tensile strength
- Reduced linting
- Suitable for delicate moving parts or machinery
- Perforated for economical usage
- Suitable for absorbing oil based liquids

Item Code : **BM-OPL-204**
